

## Appendix E – Photos of Town Forest and Heidke Lot, 2008

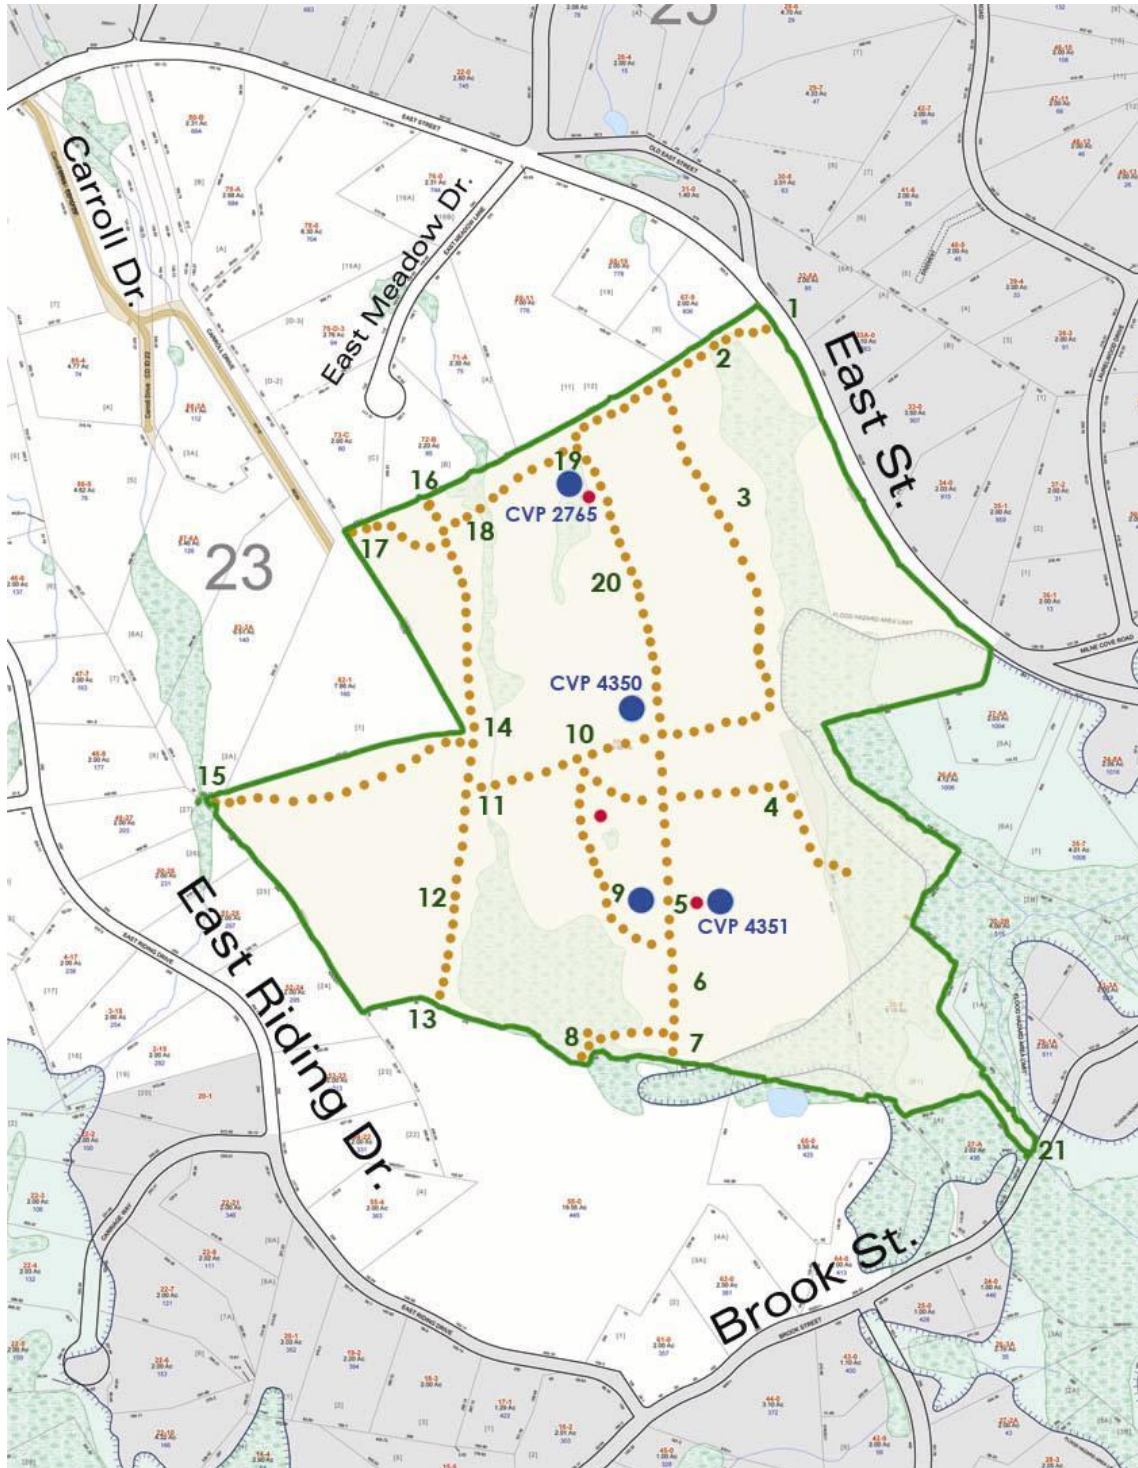

Photo Points in green numbers, a key to photos that follow

Vernal pools are shown by blue dots

Man-made rock-lined pools are shown by red dots

Trails are shown by brown dots

Photo point 1: view of East Street entrance, looking west, May 19, 2008

Photo Point 1: looking south along East Street at entrance path, May 19, 2008

Photo point 1: entrance path off East Street, looking west, May 19, 2008

Photo point 2: looking south into marsh, May 19, 2008

Photo point 2: first culvert draining into marsh along trail, May 19, 2008

Photo point 2: second culvert with two pipes, draining under trail, looking downstream from north side of trail, May 19, 2008

Photo point 2: looking west along the trail, with abutters open field on right side, May 19, 2008

Photo point 3: looking north, with stone wall and Norway spruce bordering the skunk cabbage marsh in the background on right, May 19, 2008

Photo point 4: looking south, on trail headed to Heidke lot, May 19, 2008. Trail ends abruptly ahead as it enters wet ground.

Photo point 4: looking south, on trail headed to Heidke lot, where it crosses stone wall, May 19, 2008

Photo point 5: looking south, on middle north-south trail, May 19, 2008

Photo point 5: looking north, on middle north-south, May 19, 2008

Photo point 5: looking west at uncertified vernal pool, on middle north-south trail,  
May 19, 2008

Photo point 5: looking east at vernal pool (CVP 4351), on middle north-south trail,  
May 19, 2008

Photo point 5: looking east, on middle north-south trail, May 19, 2008. Rock edged pool approximately 7 feet by 7 feet, 12" deep with soft mud bottom connected to vernal pool (CVP 4351)

Photo point 6: looking south, on middle north-south trail, May 19, 2008

Photo point 7: looking south, on middle north-south trail, May 19, 2008

Photo point 8: looking south, on small side trail, abutter's property beyond tree with red blaze, May 19, 2008

Photo point 8: looking north, on small side trail where abutter has dumped landscaping waste, May 19, 2008

Photo point 9: looking east at uncertified vernal pool, May 19, 2008

Man-made rock-lined 7 ft. diameter pool north of uncertified vernal pool,  
October 2, 2008

Photo point 10: looking east, on middle east-west trail, showing broad maintained trail  
surface, May 19, 2008

Photo point 10: looking southeast, on middle east-west trail, showing broad maintained trail surface, May 19, 2008

Vernal pool (CVP 4350), looking north from southern shore, October 2, 2008

Vernal pool (CVP 4350), looking north from southern shore, October 2, 2008. In center is a red maple blow-down, with some roots intact, whose branches are growing vertically – it will be interesting to watch this develop

Photo point 11: looking west, on middle east-west trail, showing 8-foot wide bridge over stream, May 19, 2008

Photo point 11: looking northeast, on middle east-west trail, showing 8-foot wide bridge and up-stream bank, May 19, 2008

Photo point 11: looking north, on middle east-west trail, showing stream, May 19, 2008

Photo point 12: looking north, on western trail heading north-south, May 19, 2008

Photo point 13: looking south into abutters' land, May 19, 2008. Granite posts installed by abutters.

Photo point 13: looking west at abutters' granite post, Town Forest on right side of stone wall, May 19, 2008.

Photo point 13: looking north from abutters' land, May 19, 2008.

Photo point 14: looking northwest. May 19, 2008. Trail to right is north-south trail, trail to left goes along boundary to pond view, small trail in center is on abutters' land.

Photo point 14: looking south along north-south trail on west side, May 19, 2008.

Photo point 14: looking west along trail to pond view, May 19, 2008.

Photo point 15: looking north at pond, May 19, 2008.

Photo point 15: looking north at pond, May 24, 2008. Abutters' land is beyond the stone wall in foreground.

Photo point 15: looking east from pond outlet, May 19, 2008. Town Forest trail is on right, private abutters' trail is on left. Stone wall is boundary.

Photo point 16: looking north at abutters' property on East Meadow Drive, May 19, 2008

Photo point 16: looking west from abutters' property on East Meadow Drive, May 19, 2008. Town Forest property is on left of stone wall.

Photo point 16: looking west at trail up to Carroll Drive, May 24, 2008

Photo point 17: at northwest corner of Town Forest, looking west at abutters' property on Carroll Drive, May 24, 2008

Photo point 17: northwest corner of Town Forest, looking east from abutters' property on Carroll Drive, May 24, 2008

Photo point 18: looking north at trail, bridge and wetland along northern boundary, May 19, 2008.

Photo point 18: looking north at trail, bridge and wetland along northern boundary, May 19, 2008. Abutter on East Meadow Drive is in distance.

Photo point 19: looking south from north boundary trail at vernal pool (CVP 2765), May 19, 2008.

Photo point 19: looking southwest from middle north-south trail at vernal pool (CVP 2765), May 19, 2008. Rocks in foreground suggest a foundation or structure. Small circular pool in center of photo is rock-edged..

Photo point 19: close-up of rock-edged pool next to loose rock pile, May 19, 2008.

Photo point 20: looking south on middle north-south trail, May 19, 2008. Surface is level, smooth and wide.

Photo point 20, approximately: looking east, May, 2008. Low dead branches on these pines indicate the pines started growing in an open clearing.

Photo point 21: Brook Street frontage of Heidke lot, looking northeast, May 19, 2008.

Photo point 21: Brook Street frontage of Heidke lot, looking southwest, May 19, 2008.

Photo point 21: Heidke lot, looking west-southwest, May 19, 2008.

Photo point 21: Heidke lot, looking north-northwest, May 24, 2008. Note mallard duck on left and great blue heron on right. A beaver with shrubs in his mouth swam by later.
